BC Compassion Club Society

Most harm associated with cannabis is not due to the plant itself but caused by inhaling the by-products (a variety of harmful chemicals) of combustion i.e. smoking.

While smoking remains favoured by many due to its speed of delivery and ease of self-dosing, it can irritate the respiratory system and can elevate rates of chronic bronchitis symptoms.

Although smoking cannabis has NOT been shown to be linked to increased lung and other cancers (see Tashkin 2006), we invite you as a member of the BCCCS to consider a vaporizer as an option for consuming cannabis.

Vaporizers heat dried cannabis to temperatures where the active cannabinoids are released without the harmful byproducts of combustion/ smoking. Vaporizers retain the benefits of rapid onset, direct delivery to the bloodstream, and ease of self-dosing. The aroma is much more discreet than smoking and you will taste the full flavour of the plant.

For more information on vaporizing, visit:  
[www.vaporizerblog.com](http://www.vaporizerblog.com)

# GUIDE TO VAPORIZERS @ THE BCCCS

The BCCCS researched the most reasonably priced and most effective vaporization tools for a variety of medicine intake needs. All options have a noticeably smoother draw, improved taste, and less odour compared to smoking. This pamphlet contains a brief description of each model, as well as general information about vaporizing.

**According to Magic Flight , vaporizing is:**

**Healthy:** A fully potent experience which is gentler and safer than smoking

**Stealthy:** It's fast, intimate, silent and odor-free

**Wealthy:** Optimum usage of herbal materials saves money and lasts up to 4 times longer

**Wise:** A clearer, cleaner, more euphoric experience

concentrate/xvape-v-one-2-0.html](https://xvapeus.com/index.php/concentrate/xvape-v-one-2-0.html)

## YOCAN EXGO W4 HALF-KIT

BCCCS Member Price: \$39  
Warranty: Only on new, unused elements  
No wicks/coils. The fast heating element creates a very pure taste and allows a small battery, such as the EXgo V1 650 mAh battery to do the job as a high powered MOD battery.

Take care to avoid contact between the Nero foil located below the perforated metal cover and any sharp instruments, including dab tools.

## XMAX VITAL

BCCCS Member Price: \$99  
Warranty: 6-month on battery.

Large, all ceramic baking chamber  
OLED display  
By-degree temperature adjustment  
Heats to 210°C in 30 seconds  
High quality, Samsung 2200 mAh battery

Three optional accessories available for purchase: 14mm adapter, glass mouth piece, and spill proof bubble

## XMAX V2 PRO

BCCCS Member Price: \$115  
Warranty: Lifetime service warranty

3 in 1 - dry herb, concentrates (ex.wax/shatter), and hemp/CBD oils  
Ceramic air convection heating chamber  
5 minute on-time  
5 Temperature settings; 1 click Control System  
USB and optional external battery charging

<http://www.xvapeus.com>

## YOCAN EVOLVE/ EVOLVE PLUS

BCCCS Member Price: \$50 & \$60  
Warranty: 3-month on battery. Coils are only replaced if in new, unused, and not working.

Quartz atomizer coils instead of traditional ceramic, for the most pure experience  
The Quartz Dual Coil (QDC) guarantees a clean and smooth vapor  
The functional coil cap prevents thick oil from leaking out or the mouthpiece from getting hot  
Comfortable, compact and convenient shape

The Evolve Plus has the same design of the original with a few upgrades, including:  
More robust model - 19mm diameter  
Heats up instantly  
Larger coil  
Convenient silicone jar attached to the bottom of the battery  
Micro USB charging capability

## MAGIC FLIGHT LAUNCH BOX

BCCCS Member Price: \$130  
Warranty: Lifetime functional warranty. Three months for batteries

Simple, portable, and handmade from renewable, organic hardwood, includes rechargeable batteries, charger, glass mouthpiece, cleaning brush and carrying case!  
Perfect for vaporizing dry herb, as well as hash & oil concentrates (with use of a specially made concentrate tray).  
Many accessories available for purchase: wood or acrylic mouthpieces, attachments for water tools, a whip style mouthpiece, attachable grinder, car charger, hard shell carrying case.

This model requires manual assembly and dexterity to operate, so it may be difficult for those with low mobility.
